# EIGHTY-FIVE

*The Student Body of Washington High School wishes to dedicate the Nineteen Hundred Eighty-Five Washingtonian to Mr. Steven Magini and Mr. William Stull.*

Mr. Mangini is a graduate of Humboldt State where he majored in Physical Education and minored in History. He started his teaching career with Fremont Unified School District at Walters Junior High where he taught Social Science, Physical Education, and was the Activities Director. He did double duty for American High and Washington High teaching Driver Education, Social Science, and Physical Education. He then went to Kennedy High where he taught Social Science and Physical Education. In 1982 he came to Washington High full time. In late 1983 Mr. Stelle turned over the reins of the Student Activities Director job to Mr. Mangini. He has been involved in that as well as Physical Education ever since. We thank you very much.

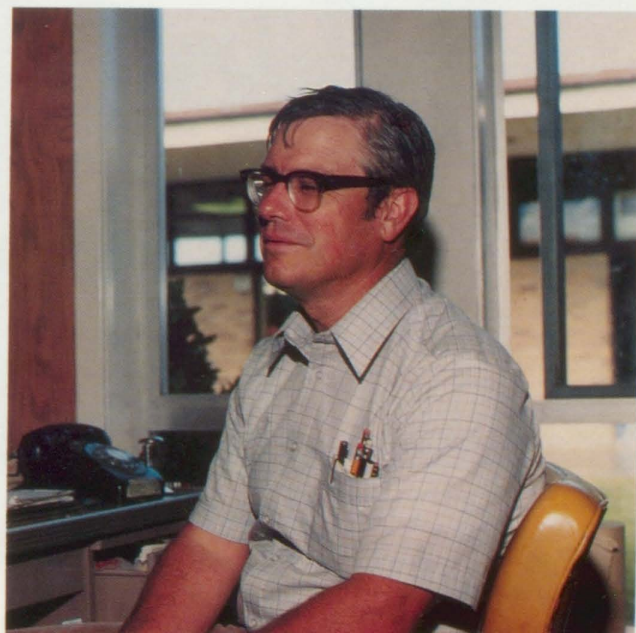

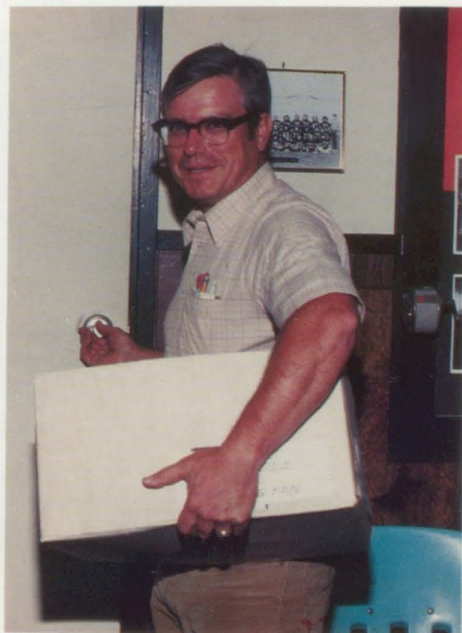

# DEDICATION

*For services rendered their school and community above and beyond the call of duty, we thank you.*

Mr. Stull is a graduate of San Jose State University. He received his B.A. and Masters Degree there majoring in Social Science and minoring in English. Mr. Stull came to Washington High in September of 1967. He spent that year as a Social Science teacher. The following year he took a leave of absence. He took a teaching position at the University of Illinois. There he was a teaching assistant and at the same time received a minor in Geography. Returning in 1970, Mr. Stull again taught Social Science for the next seven years. He was Department Chairman for Social Science in 1976. From October, 1977 to August 1978 Mr. Stull was acting Interim Assistant Principal. In August of 1978, after having received his degree in Counseling, he became a Counselor here at Washington High School. We thank you very much.

# Y E STAFF R B O O K

*It takes a lot of work to put a yearbook together, but somehow this staff managed to get it done. Each person was assigned pages of the yearbook to do. It then became their responsibility to arrange for a photographer to take the needed pictures, draw up practice and final lay-out sheets, use proportion wheels to get the right size for the pictures, type the copy sheet, and get it all in an envelope and ready for the publishers before the deadline. Though some people had trouble getting their work done, several put a lot of their time and energy into doing a good job and we all hope you enjoy this year's Washingtonian!*

Filardo, and Erica Bennett. 4th row: Andria Ruben.*

# H STAFF T C H E T

*This year's Hatchet Staff deserves a big hand from the students of Washington High School for putting out a great school newspaper! "The Hatchet" is published every other Friday and informs the students of school activities, student council business, athletics, and also contains entertaining feature articles. Paste-ups are on the Wednesday night before the paper is due. This is when the Hatchet Staff puts everything together so it's ready for the printer's on Thursday morning. Sometimes they work as late as 12:30 AM! The Hatchet Staff is made up of all different types of people, but they're all hard-working, dedicated, and have a lot of fun together. Keep up the good work!*

# CLASS ADVISORS

Mr. Hankin

Mrs. Morse

*The advisors of the class of 1985 have seen many changes in the past four years. "The class of '85 has matured, learned to work together and learned to take pride in themselves," said Mr. Hankin. Probably the most memorable event for the class, as a whole, was Spirit Week. As Freshmen and Sophomores, we were a rambled mess of disorganization. We shocked everyone when we got our act together in our Junior year, and we went for the award as Seniors! Thank You Mr. Hankin and Mrs. Morse for seeing us through these past four years. We could not have made it without you. Good Luck class of 85!*

Varsity made it to the Shaughnessy Playoffs before losing to Irvington, with an impressive 8-4 record in a competitive league. J.V. was equally successful with a 9-3 record in their well-respected league. Two representatives, Laurice Miller and Karen Kiplinger, were with all-league status. Mrs. Dean said that, "Over my three of coaching volleyball, this team has had the best ability."

# ACKNOWLEDGEMENT

*As this year comes to an end, I wish to thank everyone who helped to complete this book. All help was warmly given, and greatly appreciated - Thank You!*

*I would also like to thank the staff I worked with this year. You have all worked hard, and done a wonderful job! A special "Thank You!" goes to those exceptional, but unfortunately few, people who took extra pages and short-notice pictures without complaining - your dedication helped me as much as it did the book! And, without the friendly help and guidance of Mr. Brower, we never could have finished this book - Thank You!*

*Once again, thanks, and I hope that the 1984-85 Washingtonian brings back many happy memories to everyone.*
